(d) No, Sir. Our share in the World Synthetic Fibre and Yarn exports is estimated to be about 1%.

(e) An export target of US $ 850 million has been fixed for the year 1995-96 in respect of synthetic textiles (Fabrics, made-ups, yarn and fibre). Government have been taking a number of steps to boost exports of textiles, including synthetic textiles, such as sponsoring Buyer-Seller Meets, participation in fairs in major markets, releasing advertisements in foreign trade magazines, products development and quality upgradation through appropriate training programmes.

Reduction in Excise Duty

903. SHRI CHIMANBHAI MEHTA:
SHRI P. UPENDRA:

Will the Minister of FINANCE be pleased to state:

(a) whether Excise duty relief announced in 1994-95 budget expected to result into a net revenue loss of Rs. 1,999 crore in a year and resulted in 18% increase over collection made in 1993-94;

(b) whether reduction in excise duties on cosmetics, polymer-based paints, plastic resins, polyester filament yarns, glazed ceramics tiles, aerated waters, air conditioners and motor vehicle parts yielded higher revenue and higher excise revenue led to lower yield and lower excise rates led to higher revenue earning; and

(c) what is the increase in excise duty collection in current year due to reduction in excise duty?

THE MINISTER OF FINANCE (SHRI MANMONAN SINGH): (a) The relief in excise duties announced as part of Budget 1994-95 proposals on the basis of traditional method of calculation were estimated to result in revenue loss of Rs. 1999.85 crore in a year. The collections from excise duties (exclusive of the cesses not administerated by the Department of Revenue) during 1994-95 showed an increase of about 18% (Provisional) over the actual collections made in 1993-94.

(b) Revenue figures are budgetted and monitored at budget head (group of commodities) level. Revenue realised under the relevant budget heads which include these commodities are given in the enclosed statement, *(see* below)

(c) The excise revenue realised in the first three months of the current year shows an increase in revenue over the corresponding period of the last year but it is not possible to quantify the extent of increase in revenue on account of reduction of excise duty alone.
